## **View and Policy on Lowering the Investment Unit Company Shares**

### **1. The Company's view on lowering the investment unit**

The Company recognizes that a lowering of the stock investment unit is one of the effective measures for increasing liquidity in the stock market and inducing a broader scope of investors to participate in stock investment.

### **2. The Company's policy on lowering the investment unit**

The Company will carefully deliberate whether or not to lower the investment unit by comprehensively considering factors such as changes in the number of shareholders of the Company, stock price levels and trading aspects, cost-efficiency accompanying a lowering of the stock investment unit, future trends in the stock market, and so on.
